

RECLAIMED WOOD

Reclaimed Heart Pine Flooring

SKU: VS-RW-HPF-001

Milled from timbers salvaged from a 1922 cotton-processing mill in Greenville, Mississippi, Verdant's Heart Pine Flooring carries over a century of industrial history in every plank. The dense, resinous heartwood — protected for decades by the mill's climate-controlled environment — arrives with authentic face-nail marks, tight vertical grain, and a rich amber-to-sienna spectrum. Pre-milled to tongue-and-groove profile, it installs cleanly and sands to a finish indistinguishable from the finest virgin heart pine, at a fraction of the ecological cost.
